The ICAR-National Academy of Agricultural Research Management (NAARM), Hyderabad announces a "Competence Enhancement Training Programme for Technical Officers (Grade T-5 and above)" from June 21-27, 2018, at Hyderabad.

### Background

One of the most critical problems faced by the organizations is the development of general management for dealing with the demands of rapidly changing external and internal environment. Modern management skills, effective personnel management system, adoption of modern technology for work simplification, automation have become essential components for providing constructive services by the technical officers in the ICAR System. These officers play a pivotal role in extending research support in the organization. Services offered by the technical officers help in collective planning and coordinating the management aspect of research which in turn help meeting the goals and improve productivity of research organizations. This training programme is intended to build the capacity of technical officers through appropriate modes.

### Objective

To improve skills and efficiency in discharging functions and providing constructive technical support in meeting the organizational goals and targets.
